

SECTION 4

CONCLUDING COMMENTS

CitySpaces Consulting is grateful to the many people who provided valuable and timely assistance in the preparation and facilitation of the housing consultations. This assistance included logistics and promotion associated with the public meetings, arranging discussions with municipal officials, and providing the consultation team with familiarization briefings and community tours.

The consultation team, which included staff from the Ministry of Energy, Mines and Petroleum Resources and the Housing Policy Branch of the Ministry Responsible for Housing, would like to acknowledge the individuals who assisted in helping organize and host the housing consultations, as well as thank all those attending and actively participating in the housing forums.
