## **Call for Expressions Of Interest to Non-Profit Societies Interior Health Authority IHA-EOI-General**

---

One of the many results of the forest fires throughout the interior of British Columbia has been to impede the ability of non-profit societies and their consultants to meet the ILBC deadline of September 30, 2003. Therefore, BC Housing and Interior Health are extending the Closing Date for the General call for Expressions Of Interest.

**However, those non-profit societies who wish to submit their proposals earlier are encouraged to do so.**

### **ADDENDUM No. 1 September 3, 2003**

#### **Closing Date:**

**Delete Tuesday, September 30, 2003**

**Insert Thursday, October 30, 2003**

Throughout the EOI, please replace all reference to the original Closing Date of Tuesday, September 30, 2003 by the new Closing Date of Thursday, October 30, 2003.
