

APPENDIX C

Building Preference

To assist in achieving the best fit, respondents are requested to indicate their top five preferred properties in descending order.

A description of the sites is included in Appendix E, Section 37. This description includes the identification of those sites that require a rezoning, the likely project size and form of development as well as some predetermined priority tenant groups and support service agencies that will be involved in the projects.

Below each preferred property please provide the following:

- Include a brief description of *why* your Sponsor prefers the property.
- Identify *what* tenant groups (i.e. Women, Aboriginal, Youth) are intended for each site
- Identify any *support funding* available for each building that will enhance the support services program intended for the tenants.
