

January 26, 2021

Dear Skeena Terrace tenants,

We are writing today to let you know about future changes at Skeena Terrace.

As you know, the buildings at Skeena Terrace are old. They need extensive and ongoing repairs. We wanted to let you know that we have decided to invest in redeveloping Skeena Terrace with new buildings.

This will take time and there will be no changes made to your home for several years.

We also want to invite you to get involved in planning from the start. As a tenant, your ideas will help us make sure the plan for Skeena Terrace meets your needs and the needs of future tenants.

This is an exciting opportunity to build more and better affordable housing for the community. We will reach out to you in the coming weeks and months to let you know how you can get involved.

We have included answers to questions you might have. If you have more questions, please contact Michael Kierszenblat, Regional Operations Manager at communityrelations@bchousing.org or 604-694-2608.

For more information visit our website, <https://www.bchousing.org/vancouver-skeena-terrace>.

Sincerely,

Dale McMann
Associate Vice President
Operations (Fraser Valley & Vancouver Coastal)
BC Housing
