The Agreement is amended as follows:

Add:

**“ARTICLE A-1A CONDITION PRECEDENT”**

It is a condition precedent to the Owner’s obligation to fulfil the terms and conditions of this Contract, but not to there being a binding agreement between the Owner and the Design-Builder, that B.C. Housing has issued a Loan Commitment for the Project. The Owner will provide to the Design-Builder a letter confirming that the Loan Commitment for the Project has been issued.”

**ARTICLE A-1 DESIGN SERVICES AND THE WORK**

Add:

“1.4 The Design-Builder shall properly design and fully construct the Work in accordance with B.C. Housing requirements, the requirements of all federal, provincial and local government authorities having jurisdiction and the rules and customs of best trade practice (meaning practice of the industry and not necessarily “local practice”) with the object of constructing modestly priced housing. Without limiting the generality of the foregoing, the Work shall include:

.1 the provision of all professional design and engineering services necessary to properly prepare fully detailed and professionally sealed plans and specifications which meet, as determined by B.C. Housing, the requirements of the applicable BC Housing Design and Construction Standards;

.2 inspection during and upon completion of construction by the Consultant to ensure conformance of the Work to the Contract Documents; and

.3 all necessary approvals, licences, permits, charges and certificates including the building permit for the Work.
The Design-Builder shall at all times be fully responsible to the Owner for any errors, omissions, or deficiencies in the Contract Documents, including any revisions and addenda thereto and shall be fully liable for all direct, consequential and additional costs incurred by the Owner as a direct or indirect result of such errors, omissions or deficiencies.

At least Seven (7) calendar days prior to the commencement of construction, the Design-Builder shall deliver to the Owner all of the following:

.1 Proof of all necessary permits, licences, certificates and other authorizations required by all municipal, provincial or federal authorities, for the Work and proof of payment of all applicable fees;

.2 Certified copies of all insurance policies required by this Contract;

.3 The performance and labour and material payment bonds required by this Contract;

.4 A construction schedule satisfactory to the Owner as required by paragraph 3.6.1 of the Supplementary Conditions of the Contract including, in a graphic form, the proposed dates of commencement and completion of each of the various subdivisions of the Work, and corresponding to the breakdown of work shown on the schedule of values, as required by paragraph 5.2.4 of the Contract so as to facilitate evaluation of applications for payment;

.5 A schedule of values of the various parts of the Work as required by paragraph 5.2.4 of the Contract;

.6 A schedule of anticipated monthly progress payments as required by paragraph 5.2.5 of the Supplementary Conditions of the Contract;

.7 Proof that the Design-Builder has obtained Workers' Compensation Board registration and clearance;

.8 Proof that the Design-Builder is in compliance with all applicable Homeowner Protection Act regulations and requirements, including the following:

(1) proof that the Design-Builder has a residential builder licence (provide licence number and expiry date);

.9 A statutory declaration pursuant to B.C. Housing’s Conflict of Interest Guidelines.

The Design-Builder will give to the Owner a minimum of forty-five (45) calendar days’ written notice that the Design-Builder will meet the date set in Article A-1 for Substantial Performance of the Work.

The Owner supports the provision of opportunities for work experience and training in the construction industry for entry level workers to trade apprentices. This includes recruitment from programs intended to grow skilled trades such as the Skilled Trades Employment
Program (STEP) and registration in programs committing employers to supply a safe and productive work environment such as the Builders Code.

The Design-Builder’s work force is required, where such programs exist, to include individuals placed through agencies such as Bladerunners, Tradeworks and Embers that provide ongoing training and support to persons with barriers to employment. Individuals placed through these programs will be considered employees of the Design-Builder or Subcontractor. If no applicable program(s) exist within the geographic area of the Work the Design-Builder may seek a waiver from the Owner. The Owner, at its discretion, may require the Design-Builder or Subcontractor to provide sufficient evidence of the involvement of these employees in the Work.

1.9 The Owner is committed to reducing waste in all aspects of business. As such, construction and demolition (C&D) waste management targets have been set out in the BC Housing livegreen plan and BC Housing’s Design Guidelines and Construction Standards, and shall be tracked and reported. The minimum targets for C&D waste diversion from landfill in the Lower Mainland and on Vancouver Island projects is 80%, and 60% for projects elsewhere in the province. The Design-Builder shall submit the Waste Management Plan before signing the construction contract and is responsible for tracking waste diversion rates throughout the construction project and submission of the completed Waste Management Reporting Form. Refer to BC Housing’s Design Guidelines and Construction Standards.”

The Design-Builder agrees that, on execution of this Contract, the Design-Builder will assume full responsibility for completion of the Project, notwithstanding any defect or deficiency or incompleteness in any of the foregoing, it being acknowledged that, since this is intended to be a turnkey contract, the Design-Builder is taking the risk of any defects, deficiencies or incompleteness in any of the foregoing.”

ARTICLE A-4 CONTRACT PRICE

Add:

“4.6 The Contract Price includes all costs of the Work, including, without limitation, all costs incurred in the design and construction of the Work, whether foreseen or unforeseen, save and
except for those costs which are the responsibility of the Owner as specifically set out in this Contract, and the Contract Price shall include, without limitation:

.15 all requirements of any subdivision, site plan, development or other agreement with the municipality.
The Design-Builder hereby releases and discharges the Owner from any and all liability for costs, delays and other damages incurred as a result of changes required by any authority having jurisdiction in order that the Work is in compliance with all applicable laws, regulations, guidelines, standards, ordinances and rules and the Design-Builder agrees:

.1 to bear all additional costs resulting therefrom in the performance of the Work; and

.2 that if there is any increase in development cost charges with respect to the Project, the Design-Builder will pay such increased charges."

ARTICLE A-5 PAYMENT

In paragraph 5.1, line 3, after the words “the Owner” add:

“, after receiving the prior written approval of B.C. Housing,”.

Add:

“ARTICLE A-9 THE CONSULTANT

9.1 The Design-Builder will provide the architectural and engineering services required for the Project through the Consultant and the Sub-Consultants. The Consultant and Sub-Consultants will be:

The Design-Builder shall not change any Sub-Consultant without cause and without the written consent of the Owner, which consent will not be unreasonably withheld. The Consultant shall not be changed excepted in accordance with paragraph 2.1.3 of GC 2.1.

The Design-Builder will ensure that the Consultant and all Sub-Consultants will sign an agreement and acknowledgement with the Owner in which such party:

1. agrees that, without regard to payment by the Design-Builder, the Owner, its successors and assigns, will have a licence to use the Contract Documents for the purposes of the Project and such party will act in an even handed fashion in the administration of the Contract; and

2. consents to an assignment to the Owner of the agreement between it and the Design-Builder effective on any default under this Contract by the Design-Builder, provided however that such party will not be obligated to provide services thereunder unless and until all payments then due thereunder are made in full, and the form of such agreement will be subject to the approval of both the Owner and B.C Housing. Notwithstanding such agreements, acknowledgements and assignments, the Design-Builder will remain fully liable for defects or deficiencies in the Work, even if the parties to such agreements and acknowledgements are also liable.

ARTICLE A-10 LIQUIDATED DAMAGES

10.1 If the Design-Builder fails to achieve Substantial Performance of the Work on or before the date set out in paragraph 1.3 of Article A-1 THE WORK, as may be adjusted in accordance with this Contract (the “Scheduled Substantial Performance Date”), the Design-Builder will pay to the Owner by way of liquidated damages and not as a penalty the sum of \( \text{\$[POPULATE]} \) per day for each and every day after the Scheduled Substantial Performance Date that Substantial Performance of the Work is not achieved (or if the Owner has extended the Contract Time in accordance with this Contract, such other date established for the Scheduled Substantial Performance Date). The maximum aggregate amount of such liquidated damages will be ten percent (10%) of the Contract Price. If this Contract is terminated, the reference in this Article A-10 to the “Contract Price” will be deemed only for purposes of this Article A-10 to be the amount to which the Design-Builder would have been entitled if the Design-Builder had properly performed and completed the Work and this Contract had not been terminated. The liquidated damages will not relieve the Design-Builder from its obligation to complete the Work or from any other duties, obligations or responsibilities of the Design-Builder under this Contract, and will not limit the Owner’s rights to terminate this Contract for default of the Design-Builder under this Contract.

10.2 The Owner and the Design-Builder agree that the amount in Article A-10 represents a genuine pre-estimate of the damages and expenses that the Owner is likely to incur for such failure to meet the Scheduled Substantial Performance Date and both parties expressly agree that such amount is not a penalty. The Owner may, in its discretion, either deduct the daily sums in respect of liquidated damages from any amounts payable to the Design-Builder under this Contract or may require payment thereof by the Design-Builder on demand.
ARTICLE A-11 TIME OF THE ESSENCE

11.1 All time limits stated in this Contract are of the essence of the Contract.”

5.4.3 Delete and replace with the following:

“Upon receipt of the *Design-Builder*’s request for issuance of a *Certificate of Completion* for all or a designated portion of the *Work*, the *Payment Certifier* will forthwith review the *Work* to verify the validity of the request and, no later than 10 calendar days after the date of the request, will notify the *Design-Builder* and the *Owner* whether the *Work*, or the designated portion of the *Work*, is substantially performed by delivery of the applicable *Certificate of Completion*, together with verification of the holdback amount to be released pursuant to the *Builders Lien Act* with respect to any subcontract. The *Design-Builder* shall be responsible for all additional costs incurred by the *Owner* for inspection of the *Work* prior to the *Design-Builder* meeting all requirements set out in paragraph 5.4.1, and such costs shall be deducted from the monies due to the *Design-Builder* upon *Substantial Performance of the Work*. This shall not in any way be construed as limiting the applicant of the *Builders Lien Act*.”

5.4.5 Delete and replace with the following:
“Immediately following the issuance of the Certificate of Completion for the Work, the Design-Builder, in consultation with the Consultant and the Owner, will establish a reasonable date for finishing the Work.”

Add:

5.4.6 No later than thirty (30) calendar days following issuance of the Certificate of Completion for the Work, the Design-Builder shall provide to the Owner all service contracts, manufacturer’s inspections, certifications, guarantees and warranties and assignments of all guarantees and warranties as specified in the Contract Documents.

5.4.7 No later than thirty (30) calendar days following issuance of the Certificate of Completion for the Work, the Owner shall pay to the Design-Builder the balance of the Contract Price less:

.1 Any holdback monies as required by the Builders Lien Act to be released in accordance with GC5.5 PAYMENT OF HOLDBACK UPON SUBSTANTIAL PERFORMANCE OF THE WORK;

.2 The aggregate amount, if any, determined pursuant to paragraph 5.4.3 multiplied by two; and

Housing, the Owner may withhold the full amounts set out in subparagraphs .2 and .3 of this paragraph 5.4.7 respectively.

5.4.8 The Design-Builder shall complete the deficient and incomplete work speedily and at the discretion and convenience of the Owner. Acceptance of the Work or occupancy of the Project or any portion thereof by the Owner, the Payment Certifier or B.C. Housing shall not relieve the Design-Builder from the obligation of correcting deficiencies which are missed at the time of drawing up the list of deficient and incomplete items of work or those hidden deficiencies which become apparent during the warranty period.”

GC5.5 PAYMENT OF HOLDBACK UPON SUBSTANTIAL PERFORMANCE OF THE WORK

5.5.1 In line 1, delete “the Certificate of Substantial Performance of the Work” and replace with the following “the Certificate of Completion for the Work”.

Add:

“.3 If specifically requested by the Owner, submit acknowledgements by the major Subcontractors and Suppliers that they have been paid in full, except for amounts properly retained as holdbacks, and that they have received notification of
Substantial Performance of the Work by delivery of a notice that the Certificate of Completion for the Work has been issued, and

The Owner must be included as an additional insured for its vicarious liability. Such insurance shall not be impaired by any time element limitations, biological contaminants (without limitation, mould and bacteria), asbestos, or lead based paint exclusions. .3 Design-Builder’s Equipment Insurance
