The 2017 Homeless Count identified 602 homeless people in Langley. Here are the key statistics:

- 52% have lived in Surrey 10+ years
- 24% of Surrey’s homeless are seniors / 55+ years
- 10% are youth/under 25 yrs
- 85% have 1+ health conditions
- 57% have 2+ health conditions

Out of these, 411 people were located in City Centre:

- 238 were sheltered
- 173 were unsheltered

These numbers highlight the significant community need for supportive housing in Langley.
Currently people who are homeless in the City Centre area have access to:
