

Site Work and Construction

January 8, 2026

1453 McGill Road, Kamloops

Dear Neighbour,

We are writing to share that construction will be starting soon on the temporary housing with supports at 1453 McGill Road in Kamloops.

This project is part of our effort to provide more safe and accessible housing options in Kamloops. We first shared information about this housing by letter with neighbours in September 2025 and hosted an open house in October 2025.

For full project details and the latest updates, visit **letstalkhousingbc.ca/kamloops-mcgill-road**.

Construction and design

We plan to start site work and construction in the coming days. We will install temporary fencing and clearly mark any work areas for safety. We will follow all local bylaws and share notices regarding any expected traffic or noise disruptions.

The temporary housing will use modular construction, allowing us to open the much-needed spaces as quickly as possible. The building will include up to 55 units, a central kitchen, common dining area, indoor and outdoor gathering spaces, shared washrooms, showers and laundry facilities, staff office space, meeting rooms and storage. There will be staff onsite 24/7 and the site will be fully fenced with gated access, security cameras and lighting.

We currently expect the temporary housing with supports to open in early summer 2026.

Questions?

BC Housing and CMHA Kamloops are committed to being good neighbours. We will share a direct phone number to the housing when it opens. We will keep lines of communication open and address any concerns quickly and collaboratively.

For questions about the programming and operations at this site, please email CMHA Kamloops at **community.engagement@cmhakamloops.ca**.

For questions about the project development or temporary housing, please email BC Housing at **communityrelations@bchousing.org**.

Sincerely,

BC Housing
CMHA Kamloops
