

EVERGREEN TERRACE

Let's Imagine It Together

As we begin to plan for the future of Evergreen Terrace—to create more sustainable, affordable housing and community spaces—we are calling on you to share your thoughts and help shape the vision of what's to come.

We want you to continue to feel at home as we work toward creating your future community together

- No decisions have been made yet
- No changes to your home or tenancy for at least three years
- We will work with you throughout the process
- You will have support from BC Housing
- We will find you housing and cover reasonable moving costs
- After construction, you will still have a home at Evergreen Terrace, plus new community spaces, gardens, and play areas

New and improved

The buildings at Evergreen Terrace are over 50 years old and nearing the end of their economic life. By redeveloping, we'll add even more sustainable, affordable homes and new community spaces.

The plan begins with you

We are just beginning the planning process and want you to have your say about the future of Evergreen Terrace.

We look forward to meeting with you soon!

With the easing of public health restrictions and as the days get longer and warmer, we hope to be able to safely meet with you in person at outside information sessions. Please watch for future invitations to attend and participate in the planning process.

We want to hear from you!
