

Neighbourhood Update

September 13, 2024

769-845 Mission Flats Road, Kamloops

Dear Neighbour,

We are writing to share an update that **construction will be starting in October 2024** on 98 homes with support services at **769-845 Mission Flats Road**. Our last letter about this project was sent to you in June 2024. This project is an important part of our continued effort to address and prevent homelessness in the community.

This housing will consist of two permanent modular buildings. These buildings will replace the current 55 units of temporary modular housing at 805 Mission Flats Road. The temporary modular housing was a short-term, emergency response in 2018 to provide safe shelter ahead of the winter season. These modular buildings were only meant to be used for a few years, and a replacement is needed.

The new modular units will be delivered to an adjacent site while construction begins. There will be no major impacts to the roadway during this time. We will reach out again if there are any future impacts to Mission Flats Road during construction. We currently expect this housing to open in 2025.

Operator

ASK Wellness Society will manage both new buildings and continue to provide services to residents. ASK Wellness Society currently operates the temporary housing at 805 Mission Flats Road. These residents will not lose their housing. They will be considered first for the new supportive homes when the buildings are complete.

Questions?

A caring community can contribute greatly to the success of supportive housing residents. We will continue to share updates with neighbours and keep lines of communication open. We will reach out again to share a direct phone number for the building when it is available. Stay informed about this project by visiting letstalkhousingbc.ca/kamloops-769-845-mission-flats-rd.

For general questions about the project, please contact BC Housing by emailing communityrelations@bchousing.org.

For questions about the supportive housing program, please contact ASK Wellness Society by emailing info@askwellness.ca.

Kind regards,

BC Housing
ASK Wellness Society
